

## Caithness Motocross Club Annual Report-2007

The CMXC held its' annual presentation evening in the Janet Street Club in Thurso last weekend. The event was well attended with riders travelling from all over the north district to collect their hard earned silverware. A well-stocked raffle rounded off the evening with donations from AMS Motorcycles, Danger UK, Highland Leisure Sport & Shaw Motocross.

The Caithness club along with other several other motocross clubs throughout Scotland were hit hard this season by the weather, excessive rain hindered events and cancelling races caused frustration for the committee and the riders.

The club has continued to grow this year with member numbers increasing at all races and it is widely agreed that it is down to the creation & certification of the Ravenshill track, just outside of Thurso. The committee spent a lot of time, money & effort in developing the track throughout the summer months with the end result being a first for Caithness motocross with club members now having a permanent venue for racing and practicing on.

The committee would like to thank all of the following for their support in providing land and machinery throughout the year, Sutherland Estates, Scrabster Farm, West Greenland Farm, Ian Storm, Andrew O'Brien, Steven Shearsmith, Gordon Robertson, John Anderson, Callum Angus and Mark & Sheena Shaw.
